[6th November 1935

Mr. C. Ramalinga Reddi:—" I understand that on the previous occasion, this Mr. B. Srinivasa Rao was placed in the 'B' class. Will not Government reconsider his case, and if the case warrants it, restore him to the 'B' class again?"

The Hon. Sir K. V. Reddi Nayudu:—" That depends upon the report that we are expecting. On seeing these reports, I called for an explanation of the difference."

UNSTARRED QUESTION

Irrigation

Irrigation under the Rameswaram channel, East Godavari district.

483 *Q.*—Mr. P. Peddi Raju: Will the Hon. the Member for Revenue be pleased to state—

(*a*) the extent of the mamul wet land under the ayacut of the Rameswaram channel under the Samalkot canal in the East Godavari district;

(*b*) whether it is a fact that the said Rameswaram channel was formed in Government lands;

(*c*) who controlling the water-supply is under the said channel: whether it is the Government or the Maharaja of Pithapuram;

(*d*) whether the Government are aware that a large extent of mamul wet inam lands is being left waste for want of proper arrangements regarding water-supply and, if so, what steps Government intend taking to remedy the defects;

(*e*) whether it is a fact that about 800 acres of wet land in Achutapuram village are left waste for want of proper supply of water;

(*f*) whether it is a fact that several complaints have been made to the local Revenue and Public Works Department officers by the ryots concerned and, if so, what action the Government intend taking;

(*g*) whether the Government are aware that there is a large extent of waste land irrigable by the said channel and that the ryots agree to pay inclusion fees in addition to water-cess if the channel is properly controlled and water is supplied; and

(*h*) whether any estimates have been prepared for improving or remodelling the channel at any time and, if so, what the amount of the estimate is?

A.—(*a*) The total extent of wet land under the channel is 3,892 acres as detailed below:—

	ACS.
Inam and zamindari mamul wet land	3,459
Government wet land	28
Standing permit wet land	405

6th November 1935]

(*b*) & (*c*) The main Rameswaram channel runs in Government land and the two branches run in zamindari land. Water at the source is controlled by the Public Works Department and the internal distribution is under the control of the Zamindar (Maharaja of Pithapuram).

(*d*) & (*e*) About 424 acres (including all dry lands) in Achutapuram village are at present left waste for want of sufficient supply of water. There is a proposal to take the channel under Government control and the matter is under correspondence between the local officers of Government and the Zamindar.

(*f*) Many complaints have been received. Last season additional water was supplied to the channel by the Public Works Department giving a supply more favourable than the normal (70 and 90) duties, on account of the defects in the channel. Nothing more can be done until the channel is taken under Government control and remodelled and repaired.

(*g*) There are about 106 acres of dry land now being irrigated and about 84½ acres of dry land that can be brought under wet cultivation if supply is made available. Some ryots have expressed their willingness to pay inclusion fees while others (resident land-owners) are not willing to pay the fees.

(*h*) Approximate estimates amounting to Rs. 12,000 have been prepared for remodelling the channel. The estimates have been under correspondence with the Zamindar in connexion with the question of taking the channel under Government control.

[*Note.*—**An asterisk (*) at the commencement of a speech indicates revision by the Member.**]

II.—ADJOURNMENT MOTION *RE* EXTENSION OF TERM OF OFFICE OF MEMBERS OF CERTAIN DISTRICT BOARDS.

* Mr. K. A. Nachiyappa Gounder :—" Sir, with your permission I beg leave of the House to move the following adjournment motion, i.e. :—

' *That the business of the House be adjourned for the purpose of discussing a definite matter of urgent public importance, viz., the issue of G.O. No.* 4422, *L. & M., dated* 28*th October* 1935, *extending the date for the vacation of office by members of the Tinnevelly and other district boards beyond* 1st *November* 1935 *in spite of the fact that elections have been completed in many of them* '."

Mr. K. Koti Reddi :—" I second it."

* The Hon. the President :—" The hon. Member knows that this issue also was partly discussed yesterday. I think no useful purpose will be served by discussing it on another adjournment motion to-day. Therefore I rule it out of order."
